MY NAME IS DAVID SIMON WITH SEECC LLC. SMART ENVIRONMENTAL ENGINEERING CONSULTING AND CONSTRUCTION LLC IS INTRODUCING GREEN TECHNOLOGIES THAT ARE 10 YEARS AHEAD OF THE TIMES. THE HEALTHY HOME PROGRAM, WAS DESIGNED TO EDUCATE AND PROTECT YOU AND YOUR FAMILY. SEECC BELIEVES IF YOU PURIFY YOUR ENVIRONMENT, YOUR BODY WILL NATURALLY DETOX MORE QUICKLY. DETOXIFICATION IS ONE OF THE MORE WIDELY USED TREATMENTS AND CONCEPTS IN ALTERNATIVE MEDICINE. IT IS BASED ON THE PRINCIPLE THAT ILLNESSES CAN BE CAUSED BY THE ACCUMULATION OF TOXIC SUBSTANCES (TOXINS) IN THE BODY. ELIMINATING EXISTING TOXINS AND AVOIDING NEW TOXINS ARE ESSENTIAL PARTS OF THE HEALING PROCESS.

Laundry Technology using Friendly Oxidizers and Ions

For home and light commercial

Introducing Pure Wash

The Pure Wash is an environmentally friendly appliance designed to work with your residential and light commercial washing machine, adding enhanced oxygen and Photo Catalytic Oxidizers to the cold water supply. Water treated by Pure Wash aids in cleaning laundry and killing bacteria without leaving residual detergent in the fabric.

The operation of pureWash is easy and convenient. Once the pureWash is properly installed, you simply operate your washing machine following the manufacturer's instructions. pureWash is designed to automatically turn on as soon as the washer demands water for the the wash cycle and again for any rinse cycles. The viewing window glows blue and you can see the production of enhanced oxidation bubbles in the tube through the window, so you can see it work! When the water stops flowing, the pureWash will automatically turn off

Friendly Oxidizers

HYDROXYL RADICALS OH
HYDROPEROXYL RADICAL HO2
SUPER OXIDES O2-
HYDROGEN PEROXIDE GAS
H2O2
OZONIDE IONS O3-

Features:

- Advanced Oxidation Laundry System for use with Standard Residential Washing Machines
- Supplies Photo-Catalytic and Advanced Oxidation to Wash Water (Similar to Commercial Systems)
- Eliminates Need for Hot Water in Laundry
- Use Little or No Detergent
- Convenient Small and Lightweight Unit is Easy to Ship and Install
- Backlit Window Lets You See the Oxidation Being Entrained into the Water
- Unit Turns On & Off Automatically with Water Flow (as Washer Demands)
- Cold Water Hose Included with Unit
- State-of-the-Art Engineering
- Maintenance Free
